Document ref:	PCN030828A v1.0
Issued:	28 Aug 03
Authorised:	DFN

Products affected

XO1, XO1H, XO1HV, XO1L, XO1V
XO3, XIO3H, XO3HV, XO3V

Description

The XO ranges of clock oscillators in 14-pin and 8-pin DIL packages are being withdrawn from production. The main reason is due that the XO is an old technology and these types of oscillator are available now in SM versions, with the same electrical and environmental characteristics. Refer to MCSO and MCSO1 products for more details.

To support existing customers there will be a last time buy opportunity until the end of September 2003, with last delivery before 31 March 2004. Last time buy orders are non-cancellable.
