

PRODUCT WITHDRAWAL NOTICE

Document ref:	PCN060110A v1.0
Issued:	10 Jan 06
Authorised:	JPG

Products affected

GXO-6431, GXO-6451

Description

Demand for these 6x4mm footprint SM Oscillators is dropping rapidly. It is no longer commercially viable to retain these products in production. Lower cost products are available with identical electrical and environmental characteristics. Please refer to GXO-7531/51 (7x5mm footprint) or GXO-5331/51 (5x3mm footprint), which offers the same specifications at very competitive pricing. Refer to our website for full specifications.

To support existing customers, we will endeavour to support last-time buys for existing projects using the GXO-6431/51 products. Acceptance of any orders will depend upon availability of components. Last time buy orders are non-cancellable.

If you have any queries, please contact your account manager or sales@golledge.com.
