

END OF LIFE WARNING

Document ref:	PCN100727B v1.0
Issued:	27 Jul 10
Authorised:	JPG

Product affected

MS2V-T1S

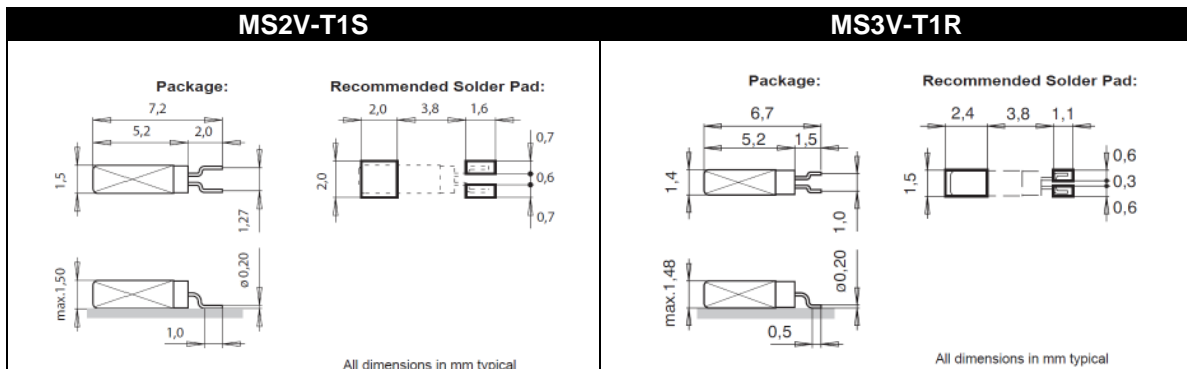

Description

Due to reducing demand for this product, it is being withdrawn from production at the end of 2010 or as piece parts run out. It is therefore NOT recommended for new designs.

To support existing customers, we will endeavour to support last-time buys for existing projects up to Dec 2010, or later if stocks allow. Acceptance of any orders will depend upon availability of components. Last time buy orders are non-cancellable.

Alternative product

For new designs we recommend MS3V-T1R. It offers the same electrical parameters but comes in a smaller package. A comparison is shown below. Refer to our website for full details.

If you require samples for approval or have any queries, please contact your Account Manager or sales@golledge.com
