

PRODUCT WITHDRAWAL NOTICE

Document ref:	PCN031114A v1.0
Issued:	14 Nov 03
Authorised:	JPG

Products affected

GXO-613, GXO-615, GXO-616

Description

The GXO-613/5/6 ranges of plastic moulded SM oscillators are being withdrawn from production. These products are old technology and demand for these types of oscillator is dropping rapidly. Smaller and cheaper products are available with the same electrical and environmental characteristics. Refer to GXO-7531 and GXO-7551 for more details.

To support existing customers there may be a last time buy opportunity until the end of January 2004, with production ceasing at the end of March 2004. However, acceptance of any orders will depend upon availability of components. Last time buy orders are non-cancellable.

If you have any queries, please contact your account manager or sales@golledge.com.
