Description

These products are approaching end of life, and are NOT recommended for new designs. Instead, please refer to our ranges of SM TCXOs. These offer comprehensive specifications in miniaturised SM packages at very competitive pricing. We hold a wide variety of frequencies and specifications in stock for immediate shipment. Refer to our website for full specifications.

To assist during the transition period, we will endeavour to support existing projects using the GTXO-53x and GTXO-54x products, but MOQs may apply. Please check with our sales office regarding availability.

If you have any queries, please contact your account manager or sales@golledge.com.
