Product affected

OV1564C2

Description

This product is approaching end of life, and is NOT recommended for new designs. Instead, please refer to GXO-4301 or OV7604C7 for alternative low power SM Oscillators at 32.768kHz. Please note these products are NOT drop-in equivalents – specifications and package layouts differ.

To support existing customers, we will endeavour to support last-time buys of OV1564C2 for existing projects for a limited period. Acceptance of any orders will depend upon availability of components. Last time buy orders are non-cancellable.

If you have any queries, please contact your Account Manager or sales@golledge.com
