

# **HCD361**

# 12V Tight Stability OCXO with HCMOS Output

- Temperature stability down to 5ppb
- Single 12V supply (15V or 18V optional)
- Compact package
- Standard European IEC CO-08 pin-out
- Custom options available

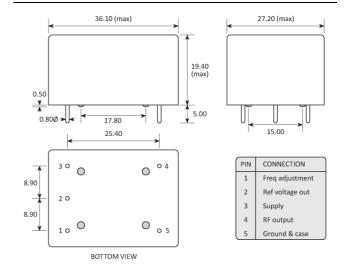

| CONFIGURABLE OPTIONS              |             |
|-----------------------------------|-------------|
| Parameter                         | Option Code |
| Frequency                         |             |
| Ageing per day (at despatch)      |             |
| Any                               |             |
| < ±1x10 <sup>-9</sup>             | D           |
| < ±5x10 <sup>-10</sup>            | E           |
| < ±2x10 <sup>-10</sup>            | F           |
| Temperature stability             |             |
| Any                               |             |
| < ±2x10 <sup>-8</sup>             | Р           |
| < ±1x10 <sup>-8</sup>             | R           |
| < ±5x10 <sup>-9</sup>             | S           |
| Operating temperature range       |             |
| Any                               |             |
| 0 to +50°C                        | А           |
| -10 to +60°C                      | С           |
| -20 to +70°C                      | F           |
| Supply voltage (V <sub>DD</sub> ) |             |
| Any                               |             |
| +12V (±0.5V)                      | N           |
| +15V (±0.5V)                      | Р           |
| +18V (±0.5V)                      | R           |

#### **SPECIFICATIONS**

| Frequency range      | 5.0 ~ 20.0MHz                                       |
|----------------------|---|
| Dimensions           | 36.1 x 27.2 x 19.4mm                                |
| Frequency stability  | < ±5x10 <sup>-8</sup> per year                      |
|                      | $<\pm1x10^{-9}$ per 10% change in $V_{DD}$          |
| Short term stability | $< \pm 1 \times 10^{-11}$ over 1 sec                |
| Storage temperature  | -40 to +90°C  |
| range                |   |
| Output waveform      | CMOS / TTL compatible                               |
| Frequency            | $\pm 5x10^{-7}$ (typ) over +0.5 to +7.0V            |
| adjustment           | (sufficient for 10 years ageing min)                |
|                      | Stabilised +7.0V supply provided                    |
| Power consumption    | 5.0W max at switch on                               |
|                      | 1.2W typ when stabilised at 25°C                    |
| Warm up              | $< \pm 1 \text{x} 10^{-8}$ after 10mins at $+20$ °C |
| Phase noise (@       | < -125 dBc/Hz @ 10Hz                                |
| 10.0MHz)             | < -135 dBc/Hz @ 100Hz                               |
|                      | < -150 dBc/Hz @ 1kHz                                |
|                      | < -155 dBc/Hz @ 10kHz                               |
|                      | < -155 dBc/Hz @ 50kHz                               |
| Harmonics            | < -30dB wrt carrier                                 |
| Shock (IEC 68-2-27   | 50g for 11ms  |
| Test Ea)             |   |
| Vibration (IEC 68-2- | 10-55Hz, 1.5mm. 55-500Hz, 10g                       |
| 06 Test Fc)          |   |

Dimensions in mm

## **ORDERING INFORMATION**

To request a quotation for the HCD361 please use the configurable options form to choose the options you require and then submit your configured product to our team. Our expert advisers are always happy to help with your requirements and can be contacted on +44 1460 256 100 or at <a href="mailto:sales@golledge.com">sales@golledge.com</a>.

Following product selection you will be issued with a seven character Golledge part number. Your Golledge part number is the internationally accepted Golledge manufacturing part number (MPN) that should be used for all project documentation, including bills of materials (BoMs) and purchase orders.

If you have any queries regarding any of our documentation our dedicated sales team will be happy to help.

#### **HANDLING & STORAGE**

Human Body Model (HBM) 1A (250V to <500V)

Moisture Sensitivity Level (MSL): 1 (or not applicable)

## **CONSTRUCTION**

Solder sealed metal can

## **COMPLIANCE**

**P6** Lead-free (< 0.1% by weight)

RoHS compliant with no exemptions. See our

declaration

See our statement

Au Ta Sn W Free of conflict minerals. See our declaration

Free of Halogens. See our declaration

Free of Ozone-depleting substances. <u>See our</u>

declaration
